Dear Class of 2029 Parents/Guardians:

City Charter High School is a Title I school committed to ensuring that all teachers meet appropriate state certification and licensure requirements. As a parent of a student attending a school that is receiving federal Title I funding, you have the right to know if your child is assigned to or taught for four or more consecutive weeks by a teacher who does not yet hold an appropriate state certification. This includes teachers holding a State Emergency Certification and/or taking the required credits toward his or her permanent certificate to make the teacher "Appropriately State Certified" as required by the Every Student Succeeds Act.

This letter is to inform you that currently, in the 9th grade, one of our math teachers is in the process of meeting these requirements. Additionally, our school nurse is currently in a program to meet the school requirements but already is a CNRP, or Certified Registered Nurse Practitioner. A professional development plan is being implemented for all these educators, and we are providing them with the necessary support for success.

In the meantime, we can assure you that City High has a very high rate of certified teachers and that all of your students' teachers are dedicated to the success of every child in their class. We will be closely monitoring the delivery of the educational services to your student in order to ensure a quality education from the teachers assigned to his or her class. As the year progresses, please feel free to contact us and request additional information regarding your student's progress.

We thank you for your continued support of your student's education and encourage you to communicate with his or her teachers regularly so that together we can provide the best educational experience possible.

Sincerely,

Dara Ware Allen, Ph.D.
CEO and Principal
