

City Charter High School does **NOT** follow the Pittsburgh Public School District Weather Emergency Schedule

Please listen to your radio and/or television for the City High delay or closing announcement.

The City Charter High School delay or closing announcement will appear on television channels: 2 (KDKA), 4 (WTAE), 11 (WPXI) and on their websites.

The school closing, delay or early dismissal announcement will also be available on our website: www.cityhigh.org and on our Portal.

Delays: If there is a 2-hour delay, school will begin promptly at 9:50am. Students should **NOT** arrive at the school **before 9am**.

Closings: If a closing is announced, students will complete the school day in our asynchronous, virtual learning model. Students will be required to complete assignments for each class. All assignments will be due at 11:59pm on the day of the closure. Teachers will be available to work with students between the hours of 8:30am - 3:00pm.

Early Dismissals: If an early dismissal should ever be needed due to the weather, students will be given an opportunity to call home by using our phones or their cell phones. However, please keep in mind that this decision will need to be made quickly and will be dependent on the advice of the Pittsburgh Public Safety Department. We will NOT follow the Pittsburgh Public Schools in making this decision, as the downtown area is a unique situation and we need to be aware of different transportation issues.

Please make sure your child knows where to go after school in case of an emergency and in case you can not be reached.

Suburban Students: For families who live far from the downtown area, please use good judgment and make the decision as to whether to send your child to school based, not only on the official announcement, but also on your actual weather conditions, as they may be better or worse than conditions in the city.

An absence note will be necessary if your student remains at home on a day we are open. Suburban students may also be sent home earlier than city students if the weather conditions deteriorate during the course of the day.
